Change in Eligibility in JOT Program

Document No. 006

NO CHANGE in Class. ☐

☒ DECLASSIFIED

Class. CHANGED TO: TS S C 25X1

DDA Memo. 4 Apr 77

Auth: DDA REG. 77/17

Date: 02/03/78 By

1. Heretofore the Office of Training has required that candidates for the JOT Program be eligible both for overseas service (Full Duty General) and for sensitive assignments (S.I. Clearance). Experience has shown that in a few cases first-rate candidates for development in the Agency in restricted types of activity have been lost through their failure to qualify in both categories.

2. In order to extend the usefulness of the JOT Program to the Agency and without changing the intellectual and personal standards of participants in the Program it has been decided to admit to the Program individuals who lack either eligibility for Full Duty General or S.I. Clearance qualifications but not both, provided, of course, they are in all other respects desirable.

3. Before these individuals are accepted by the JOT Program it will be made clear to them that their activities would be limited by whichever restriction applies. Accordingly, it is requested that in reporting the results of the pre-employment medical examinations your Office state that the candidate is eligible for:

- a. Full Duty General, or
- b. Departmental Duty Only and to be re-evaluated at a later date, or
- c. Departmental Duty Only; Final Decision

With such guidance it will be possible to explain to the candidates whatever limitations may exist in accepting the appointment and the effect these limitations may have on their career development.

4. The above matters have been discussed informally by the Chief, Junior Officer Trainee Program, and  of your Office.

25X1

ILLEGIB

5. It is important to point out that in spite of the modifications explained above, the emphasis on recruiting JOT's that are fully qualified for all types of duty will continue.
